

Otto A. Kresse Will Address Steel Institute

Otto A. Kresse, general superintendent of the Torrance Works, Columbia Steel Company, has been invited to address the morning session of the Sixth Regional technical meeting of the American Iron and Steel Institute, to be held November 10 at the Mark Hopkins Hotel, San Francisco.

One of the pioneers in the steel making industry on the West Coast, Kresse will read a technical paper on "Cold Charge Practice in Open Hearth Operations" at the Institute's session today.

Presiding at the morning session of the regional meeting will be H. H. Fuller, president of Bethlehem Pacific Coast Steel Corporation. A. G. Reaoh, president of Columbia Steel Company will preside at the afternoon session.

The San Francisco meeting is the last of the 1949 series of Institute regional technical sessions. Others have been held at Buffalo, N.Y.; Chicago, Ill.; Birmingham, Ala.; Youngstown, O.; and New York City.

THIRD BIRTHDAY NOTED
... Hank Borg, who operates the Greater Torrance Market, 2153 Torrance boulevard, last week celebrated the third anniversary of the market's opening. Much to the delight of customers, he symbolized the event by blowing out the candles on the market's pint-sized birthday cake. —Herald Photo

PLUMBING DEALER WINS BOND

The Torrance Plumbing Company, wide water heater sales contest, according to the sponsors of the event—the Gas Appliance Manufacturers Association. The accomplishment makes the local firm eligible for one of two Buick Super Sedans to be awarded at the close of the contest. The company was awarded a \$25 bond for the efforts in the contest thus far.

Riviera-Seaside To Get Direct Bus Service

Commencing December 4 residents in the Hollywood Riviera-Seaside Rancho areas will be linked by direct bus service with central Torrance, according to M. A. Chamberlain, manager of the city lines.

Chamberlain said that buses will run on an hour-and-15-minute schedule beginning at 6:45 a.m. until 6:15 p.m. The running time of the trip will be 30 minutes, he stated. Walteria residents will be able to reach downtown Torrance in 18 minutes.

After 6:15 p.m. the bus will follow the present route through Harbor City. This schedule also will be observed on Sundays and holidays, he claimed. The new route will follow Arlington and Narbonne avenues to Pacific Coast Highway and then directly to the beach area residential tracts, Chamberlain said.

Firemen of Six Cities Sponsor 'Dimes' Benefit

With the March of Dimes as beneficiary, the fire departments of six bay area cities are planning a joint-venture dance to be staged in the Redondo Barn the night of January 19. Spade Cooley, western-modern dance band leader, will bring his orchestra to the bay city for the dance, according to Captain Gordon Northington and Engineer Walter West of the Torrance Fire Department.

Participating in the six-department fund-raising affair are the fire departments of Torrance, Palos Verdes, Redondo Beach, Hermosa Beach, Manhattan Beach and El Segundo.

Homecoming Plans Set

El Camino College's double-barrelled homecoming and open house program, scheduled for Thanksgiving Day, will be a full scale show both for alumni and for citizens of the college district.

A special invitation to all citizens and former students was issued today by college President Forrest G. Murdock and Student Body President Delmar Gilkeson. This year's event combines an open house program with dedication of the new El Camino College Stadium.

Most recent addition to the program is the scheduling of a parade and float contest among the college student organizations. Campus groups are now planning elaborately decorated floats to tour the surrounding communities and then assemble for judging at the new stadium before game time.

Discuss School Plan

Future school planning was discussed Thursday night at a regular meeting of the North Torrance Civic Improvement Association. Next meeting of the group will be held Thursday, December 8, 7:30 p.m. at the Higgins Brick Yard patio building, 2217 West 174th street.

Report Favors Water Tie-in For Inglewood

The city of Inglewood is considering annexing to the West Basin Municipal Water District, which includes Lomita, according to Carl Fossette, manager of the district.

Fossette cited an extensive report submitted by W. C. Renshaw, engineer and superintendent of the Inglewood Water Department favoring the move.

The report recommends annexation to the district at an estimated cost for back taxes and interest of \$2,200,000 and replacement and extension of facilities at an estimated cost of \$2,600,000. Fossette stated.

It is recommended that the program be financed by a 60 per cent increase on water rates and a municipal bond issue. The city's well water supply was termed "undependable," Fossette said.
